

8 November 2011

Dear Parent/Guardian

Re: Enrichment Week – Monday 2 – Friday 6 July 2012

On Monday this week your son/daughter attended an assembly introducing the 'Aim for the Stars' activity programme for all Year 7s and their tutors that would be undertaken during Enrichment Week 2012.

The Year 7 programme is co-ordinated by Miss Charlesworth and Mrs Miller and has been undertaken for a number of years. The activities for Year 7 involved in 'Aim for the Stars' include, high ropes challenge, water sports, survival skills, a visit to the Birmingham Think Tank and an inter-tutor competition with the aim of developing team building and communication skills and overcoming personal challenges.

Detailed information about Enrichment Week 2012 and specifically 'Aim for the Stars' for Year 7 will be available on line on iDeer, the School's VLE from Monday 14 November. The information includes the cost and methods of payment for the activity. A hard copy of the details will be available in the School's Library where IT facilities are not available at home.

Specific activity details are available from Miss Charlesworth or Mrs Miller on request.

The Year 7 programme provides a wonderful experience and character building activity providing life long memories.

Yours sincerely

Jerry Richer
Enrichment Week Co-ordinator 2012
