Cirencester Deer Park School

Parent Information Letter

Dear Parent/Guardian

The school is participating in a research project conducted by children’s charity Beatbullying – a charity focused on preventing bullying in schools and communities. The research is working with several classes of children from various schools across the UK, including our school. In the research, a simple questionnaire is used to help us understand children’s feelings and experiences of bullying.

The survey will be completed at school during their ICT lessons; Yr 7 pupils are currently studying a unit of work called ‘E Safety’ and this questionnaire will enhance their understanding of this unit.

Pupils do not have to take part on the day if they do not want to and can skip any questions they prefer not to answer. There are no right or wrong answers to the questions and the data will be kept anonymous and confidential to preserve the children’s identity: neither the school nor the individual involved will be identified in the research.

Please do not hesitate to contact the principle researcher supervising the project, Thaddaeus Douglas, on Tel 0208 768 1026 or by email at thaddaeus.douglas@beatbullying.org if you have any questions about this work.

If you do **NOT** want your child to participate in the study then please sign and return the slip below by Friday 7 October.

Yours sincerely

Caroline Skerten
Assistant Head

.....
REPLY SLIP – Please return to the Secretaries Office by Friday 7 October

I do not wish my child (full name.....) to take part in the research described in this letter.

Signed.....(parent/guardian)
