

Year 11 TRIPLE Science Second Mock Exams

Between now and the Easter holiday you will sit your second mock exam in Biology, Chemistry and Physics. This will give you an invaluable insight into your strengths and weaknesses. We will be able to give you a grade for that paper and also a cumulative grade based on your Christmas and March mocks. It is **essential** that you revise for this second mock as well as you possibly can. It will help you manage your time for the real exams in the summer if a significant amount of your revision is already done. It will also give you a good picture of where you need to focus your revision moving forward and for some students will give the final information for your tier of entry.

The topics covered are as follows.

Biology (Paper 2)	<ul style="list-style-type: none"> • Nervous System • Homeostasis • Variation & Evolution • Adaptation, interdependence & competition • Organising ecosystems 	<ul style="list-style-type: none"> Hormonal Coordination Reproduction Genetics & Evolution Biodiversity & Ecosystems
Chemistry (Paper 1)	<ul style="list-style-type: none"> • Atomic Structure • Structure & Bonding • Chemical Change • Energy Changes 	<ul style="list-style-type: none"> Periodic Table Chemical Calculations Electrolysis
Physics (Paper 2)	<ul style="list-style-type: none"> • Forces in action • Forces & Motion • Wave properties • Light • Space 	<ul style="list-style-type: none"> Motion Pressure Electromagnetic waves Electromagnetism

The exam dates are as follows. Your class teacher will give final details on timings. Please be **prompt and equipped** for your mock exam.

P Side		Q Side	
Exam	Date	Exam	Date
Chemistry	12/2	Chemistry	14/2
Physics	5/3	Physics	1/3
Biology	19/3	Biology	15/3
