

Year 11 COMBINED Science March Mock Exams – Paper 2 Content.

Between February Half term and the Easter Holiday you will sit your second paper in Biology, Chemistry and Physics. This will give you an invaluable insight into your strengths and weaknesses. We will be able to give you a grade for that paper and also a cumulative grade based on your Christmas and March mocks. It is **essential** that you revise for this second mock as well as you possibly can. It will help you manage your time for the real exams in the summer if a significant amount of your revision is already done. It will also give you a good picture of where you need to focus your revision moving forward and for some students will give the final information for your tier of entry.

Biology	<ul style="list-style-type: none"> • Nervous System • Hormonal Coordination • Reproduction • Variation & Evolution • Genetics & Evolution • Adaptation, interdependence & competition • Organising ecosystems • Biodiversity & Ecosystems
Chemistry	<ul style="list-style-type: none"> • Rates & Equilibrium • Crude oil and fuels • Chemical analysis • Earth's atmosphere • Earth's resources
Physics	<ul style="list-style-type: none"> • Forces in action • Motion • Forces & Motion • Wave properties • Electromagnetic waves • Electromagnetism

The exam dates are as follows. Your class teacher will give final details on timings and rooms as these will **be sat in lesson time**. Please be **prompt and equipped** for your mock exam.

P Side		Q Side	
Exam	Date	Exam	Date
Biology	Fri 22/3	Biology	Mon 18/3
Chemistry	Thurs 14/3	Chemistry	Weds 13/3
Physics	Fri 29/3	Physics	Thurs 14/3
