Some advice to my former self

“Start early – get organised”

“Listen to staff – they do actually know”

“You are going to have to leave – don’t put off making the choice”

“Go where is right for you, not where your friends are going. Pick the right courses for you”

“Do the research – better to know from the start”

“Go and look at different providers, even if that just takes them off the list”

“Have a few ideas and plans – always have a plan B”

“Ask questions right from the start”
