## 4. A stable careers programme

## 5. Labour market information

- 5.1. The school will ensure every pupil, and their parents, has access to good-quality information about future study options and labour market opportunities.
- 5.2. Pupils and their parents will be referred to the National Careers Service which offers information and professional advice via a website, helpline and web chat.
- 5.3. The school will ensure pupils and their parents understand the value of finding out about the labour market, and support them in accessing this information. Pupils and their parents will be provided with information on the benefits of understanding the labour market, including the salaries and promotion opportunities for different jobs, and the volume and location of vacancies across different sectors.
- 5.4. The school will ensure that all pupils, by the age of 14, have accessed and used information about career paths and the labour market to inform their decisions on study options.
- 5.5. The school will provide pupils with the necessary links and information that will enable them to access this. Access will be monitored to review whether pupils are making the most of the service, and if not, what can be done to ensure they do.
- 5.6. The school will make use of local enterprise partnerships to provide pupils with presentations and workshops on the local labour market and employer expectations. The information provided through the partnership will be used to shape career guidance and workshops in schools.
- 5.7. To support social mobility, the school will work to raise pupils' aspirations and tackle stereotypical assumptions. Interventions will be used to tackle gender stereotypes; arrangements will be made for pupils to talk to employees who work in non-stereotypical jobs to raise awareness of the range of careers that STEM qualifications lead to.

## 6. Addressing the needs of pupils

- 6.1. The school's careers programme will aim to raise the aspirations of all pupils whilst being tailored to individual needs. The programme will inform pupils of the range of opportunities available to them, encouraging them to aim higher and make choices relevant to what they feel they can achieve.
- 6.2. All forms of stereotyping will be prohibited in the careers advice and guidance that is provided, to ensure pupils from all backgrounds, gender and diversity groups, and those with SEND, can consider the widest possible range of careers.
- 6.3. Comprehensive and accurate records will be kept to support the career development of pupils. These will be stored securely in the pastoral office and on the School's computer system. The school will allow access to this information, should a pupil or their parent request it.
- 6.4. Destinations data will be retained by the school for at least three years.
- 6.5. Information about destinations, e.g. the percentage of pupils attending sixth form in the following term, will be published on the school's website alongside the school's careers programme.
- 6.6. The school will collect and analyse destinations data to assess how well the careers programme is countering stereotypes and raising aspirations. The data will be reviewed by the careers leader on an annual basis who can then base further development of the school's career guidance plan on the results and areas of success or failure. The careers leader will present analysis of the data and recommendations to the School's Senior Leadership Team.

## 7. Targeted support

- 7.1. The school will work to identify pupils who are in need of targeted support or those who are at risk of not participating in post-16 pathways. - 7.2. The school will ensure that pupils understand the programmes available to support them and the financial costs associated with staying in post-16 FE.

- 7.3. To support pupils who are likely to need support with post-16 participation costs, such as those with SEND, the school will work with local post-16 education or training providers to share pupil data and ensure these pupils receive such support.
- 7.4. The school will ensure that pupils are aware of the 16-19 Bursary Fund, which has been devised to support those individuals with a financial hardship. Pupils will be advised of how to access this funding and who they should speak to in order to find out more information.

- 8.2. The school will work with families of pupils to help them understand what career options are available.
- 8.3. Surveys will be conducted to find out individual pupils' aspirations. The results of the surveys will create careers guidance and experience that will be tailored to pupils needs based on their own aspirations and abilities.
- 8.4. Careers guidance will take account of the full range of relevant education, training and employment opportunities. It will inform pupils about the ways employees with SEND are supported in the workplace, and how jobs can be adapted to fit a person's abilities.
- 8.5. The school will build partnerships with businesses and other employers, employment services, and disability and other voluntary organisations. Pupils will be prepared for encounters with employers and provided with any special support that will allow them to benefit fully from the experience.
- 8.6. Careers guidance will focus on a pupil's career aspirations and the post-16 options which are most likely to give the pupil a pathway into employment or HE.
- 8.7. The SEND local offer will be utilised; annual reviews for a pupil's EHC plan will be informed by good careers guidance.

## Careers Leader role

### 1. Introduction to the role

Recent changes in policy for careers education and guidance for young people have placed greater responsibilities on schools. Schools should have a designated person to oversee a coherent programme of careers education, information, advice and guidance (CEIAG) for young people.

Schools have a statutory duty to secure access to independent careers guidance for their pupils, this adds to the current role of the member of staff responsible for careers guidance.

From September 2018, schools are expected to:

- Have appointed a named person to the role of careers leader, who should be responsible for the school's careers programme.
- Develop and use job specifications and standards for career leaders.

At Cirencester Deer Park School, the Career leader role is positioned at a strategic level and is the responsibility of an Assistant Head with a team of people.

Cath Brace – Assistant Head with strategic responsibility for CEIAG

Emma Hope – Head of Ethics and Computing

Simon Bellamy – Associate Assistant Head Pastoral

Anne Burfoot – Senior Year Leader with responsibility for CEIAG

Andrew Lloyd – Careers advisor

### Gatsby Benchmarks

1. A stable careers programme - All schools and colleges should have a stable careers programme which is known by students, teachers, parents and employers. This should include high-quality career advice and guidance.
2. Learning from career and labour market information - All students and parents should have access to labour market information which includes post 16 and post 18 options. There should be a designated informed adviser who can help students and parents to understand this.
3. Addressing the needs of each pupil - Each student will require different career advice and guidance. Schools and colleges need to address the requirements of students as an individual. Equality and diversity should also be taken into consideration here.
4. Linking curriculum learning to careers - Teachers should explain how subjects which are being taught are related to careers outside of education. For example, maths can be heavily linked to a career in accounting.
5. Encounters with employers and employees - Schools and colleges should organise for students to speak with employers and employees.
6. Experiences of workplaces - Each student should have the opportunity to experience the world of work first hand. This will enable students to explore different career pathways and extend their network.
7. Encounters with further and higher education - School and colleges should ensure students have a proper understanding of the learning opportunities available to them and this should cover all academic and vocational routes.
8. Personal guidance - All students should have opportunities to meet with a career adviser to discuss guidance and career options.
